## 2021 Interclub competition

This year as a result of the continuing COVID pandemic ANAWBS was again cancelled for the second time. This prompted a suggestion from Ann-Marie that we revitalise the interclub competition that had not been run for the last few years. The challenge was taken up by the Adelaide Club and was run as part of their October meeting. The Southern Wine Makers Club from Victor Harbor was also invited to join the competition. An online registration form was set up and it soon became apparent that it was going to be a very popular competition.

Club	Members entering	Entries	Total entries	
Adelaide	10	29		
Blackwood	10	28	Wines entries	49
Southern	3	8	Beer entries	16
Totals	23	65		

The competition was held as part of the meeting at The Adelaide club. On arrival, the entries were quickly labeled and set up for judging, the pre-registration allowed for the judging sheets and entry numbers to be prepared. After an initial business meeting of the Adelaide Club Tom Hardy gave a talk on his experiences in the wine industry and in particular his writing of wine books in Australia and America. Following supper, goulash or quiche, the results were announced and all the entries were available for tasting. Congratulations must go to the Adelaide club for a well organised event, and hope that this event is off to a new revitalised annual competition, that allows members of the three clubs to meet together on an annual basis.

# BWBC Wine Caravan Tour

River land

Monday 4th - Friday 8th April 2022

Following the success of the caravan trip to the Coonawarra wine region this year the committee is organising a similar trip to the Riverland region in 2022.

Dan Traucki wrote in a recent article for the Wine Business magazine, July/August 2021 edition, a great introduction to the area.

...Last century, while being acknowledged as the engine room of Australia's wine industry and especially its exports, most wine drinkers considered the Riverland as merely a producer of cask and low-end commercial wines. So much so that the local wineries labelled their wines as South Australia rather than the Riverland Geographical Indicator (GI).

In recent times this has started to change. Since the turn of the century a number of premium boutique producers have sprung up in the Riverland, lifting the quality and perception of Riverland wines. One of the main features and reasons for this rise, is the fact that many, if not most, of the wines being produced by these small producers are made from emerging Mediterranean grape varieties that are significantly better suited to the Riverland's warm climate than what the classic French/noble varieties are. As global warming continues to impact upon our climate, this move to more heat and drought tolerant varieties will become of greater importance in the survival and evolution of the Riverland...

From "River is Rising" [www.wineassist.com.au/dans-articles](http://www.wineassist.com.au/dans-articles)

At the moment the trip is very much in the planning stage but we are looking at the trip being from Monday 4th till Friday 8th April.

The trip is not only for caravanners, but we will find a suitable caravan park that also offers cabin accommodation as well as an area we can gather for happy hours etc.

Further information will be in the newsletter, but if you have any suggestion please contact our social organiser Ian Di Bartolo.

## Defibrillator course

The club has a defibrillator unit that is available for use at all club meetings, bus trips and other functions.

Sudden Cardiac Arrest is one of the leading causes of death in Australia.

Knowing how to use the defibrillator unit can make the difference between life and death.

If you would like to attend a short course run by St Johns on CPR and the use of the defibrillator please contact Des Williams or any committee member.

## Membership Update

Our new membership office, Andrew Thomson, would like you to contact him and verify your membership details. You can contact Andrew at the next meeting or by email -

[athomson@adam.com.au](mailto:athomson@adam.com.au).

This is important to keep the club records up to date.

## Vineyard project

The committee is keen to pursue the possibility of finding and ultimately manage a small vineyard, 100 -200 vines, that members could be involved in. Although this would very much depend on membership involvement throughout the year, it would be in line with the Club's aims, "understanding of viticulture", and provide a source of grapes for making small batches of wine. If you are interested or know of a small patch of vines that would be suitable, preferably in the Blackwood or surrounding area, please contact the committee.

## Trophy return

It's time to return all the club trophies so that we can get them engraved ready for presentation to the 2021 winners.

Please could you return them to the next meeting or contact Ann-Marie.
